Dear Parents/ Guardians,

The first term is nearly over. This circular has been printed online as well. On the school website's front page one can find updates. Like our face book page for updates.

I would like to thank all the parents who in one way or another have helped the school during this scholastic year. We have a lot of ideas to help the children get a great experience out of school life and we cannot do it without you.

If you have a change of address, email address, telephone or mobile numbers please inform the school as soon as possible. I remind you that if you are going abroad during school time we need to have a written letter, copy of the tickets and copy of documents as evidence in the case of medical appointments, sickness, family celebrations, etc... I can only excuse students against valid, pertinent documentation. No family holiday can be excused as an educational outing.

I know that these coming holidays do not have the same meaning to all of you. One thing is for sure, holidays give us time with our families and whatever ones religion or creed is, the importance of family and loved ones is universal. The Sliema Primary staff wishes everyone peace, love and health.

Winter Uniform: please make sure to have all uniform items especially the winter jacket and tie. All items are for sale from Yorkie's so please make sure you are not missing anything.
